Starting from 2017/18, foreign students with a Bachelor's Degree (earned abroad) who enrol in AEPS Master Degree will have the following benefits:
FIRST YEAR
Fee waiver
SECOND YEAR
€ 500,00

University of Milano-Bicocca — Department of Psychology

APPLIED EXPERIMENTAL PSYCHOLOGICAL SCIENCES (AEPS)

DESCRIPTION OF THE COURSE

The Department of Psychology of the University of Milano-Bicocca will offer a new Master's Degree in Applied Experimental Psychological Sciences (AEPS), starting from 2017-2018. The 2-year Master Degree program focuses on how basic and advanced knowledge in psychological sciences can be fruitfully applied to address relevant needs and tackle diverse issues in a range of contexts and domains. The goal of the program is to teach cutting-edge perspectives on the cognitive, social, emotional, and neural processes underlying human thought, behavior, language, knowledge, and decision-making. AEPS graduates will acquire advanced general knowledge, strong transferable methodological research skills, and a specific focus of application of these skills, henceforth combining flexibility (e.g., the methodological research skills can be applied to a wide range of issues) and specificity (e.g., they are applied to a specific issue during the course of the degree). This expertise will open a range of possible career paths both in the private and in the public sector, including the academic sector both nationally and internationally.

First year courses (64 ECTS)

Cognitive Neuroscience 6 ECTS +2 ECTS E-Prime*

Cognitive Psychology 6 ECTS + 2 ECTS Matlab*

Social Cognition 6 ECTS + 2 ECTS Inquisit*

Psychometrics and Quantitative Methods 6 ECTS +2 ECTS R*

* *These four courses have associated 2 CFU (16 hours) of lab activities each that provide basic skills in programming experimental (Matlab, E-Prime, Inquisit) and statistical (R) software.*

Cognitive Development 8 ECTS

Experimental Clinical Psychology 8 ECTS
Laboratory courses 8 ECTS - Students will choose 2 laboratory activities
Research Methods in Cognitive Neuroscience:
Measurement methods and ambulatory assessment
Computational Modeling
Cognitive and Behavioral Measures
Elective course 8 ECTS - Students will freely choose courses offered at
Milano-Bicocca University.

Second year courses (56 ECTS)

Elective courses 24 ECTS - *During the second year of the program students will choose 3 courses among an offer that will include a number of specific applications of the core components of psychological sciences.*

Cognitive Ergonomics
Decision Making
Applied Neuroscience
Applied Cognitive Development
Applied Social Cognition
Applied Psycholinguistics
Social Cognitive and Affective Neuroscience
Consumer Psychology
Games and Economic Behavior
Transferable Research Skills Laboratory 4 ECTS
Evaluation of Psychological Interventions Laboratory 4 ECTS
Internship 8 ECTS, 200 hours: students will choose between an academic research internship, also abroad, or a professional research internship.
Dissertation 16 ECTS

Language: English

Admission criteria

To access a post graduate course is required at least a Bachelor Degree.

An English language certification is also required, issued by a body accredited by the University, corresponding to a minimum of B2 level.

If you are a candidate having a foreign qualification you will need to apply for admission by completing the online form available at the link shown on each call for application, attaching the documents required and listed in detail in the call for application.

Non-EU citizens not living in Italy must undergo the pre-enrolment procedure to be carried out at the competent Italian Embassy or Consulate responsible for their own Country. As this procedure may take several weeks/months of processing, it is highly recommended getting in touch with the competent offices as soon as possible.

PLEASE NOTE: The number of available position is limited (up to 60 for 2017-18), therefore, please apply as soon as possible. **Updated information and the call for application will be available at <http://www.unimib.it/go/49416>**

Accommodation at University of Milano-Bicocca

In order for you to fully experience Bicocca campus life, we have carefully selected the residence close to the main campus building that encourage you to not only integrate with your peers, but also with the local community.

The University of Milano - Bicocca makes available at their residences (Building U12 , via Vizzola 5 in Milan and Building U22 , via Mantova in Sesto San Giovanni) some rooms destined to guest service. To book an accommodation and know costs and terms of your stay you can write to: booking.bicocca.fms.it@sodexo.com
